To Whom It May Concern:

Trossachs Camp Meeting Association runs an annual summer camp with programming for children and teens ranging in age from 6 to 18. In addition, during our Family Camps we offer care for children from preschool age to 12. Programming to young people aged 18 and under during our 2019 camps will take place throughout the month of July.

To ensure the safety of the children entrusted to our care, and in line with the Abuse Prevention program we have implemented at the camp, we require anyone working on the grounds to complete a Criminal Record Check/Police Information Check including a Vulnerable Sector Search.

All positions are considered volunteer in nature and as such should be charged accordingly for the record check.

Please do not hesitate to contact me at the number listed below should you have any questions or if you require additional information.

Sincerely,

Rob Howard
