To Whom It May Concern:

Trossachs Camp Meeting Association runs an annual summer camp with programming for children and teens ranging in age from 6 to 18. In addition, during our family camp we offer care for children from preschool age to 12.

To ensure the safety of the children entrusted to our care, and in line with the "Plan to Protect" program we have implemented at the camp, we require any volunteers working with children or youth during the family camp, and anyone who will be staying on the grounds overnight during the children's camp or for any length of time working with the children or in service of the camp to complete a Criminal Record Check including a Vulnerable Sector Search.

As these are volunteers, please waive any fees associated.

Please do not hesitate in contacting us at the number(s) listed below should you have any questions or if you require additional information.

Sincerely,
