Blessings to you!

We at Trossachs Gospel Camp want to thank you so much for your continued support over all these years! We are going into our 102nd camp season in 2015 and we are more excited than ever about the vision God has been releasing for the years ahead, as well as what He is doing in our midst right now! Our numbers at camps have increased, we've upgraded many of our facilities, and as always, God in His faithfulness meets powerfully with us during camps. Through your support we're able to continue reaching countless kids, teens, and adults every year. God has commissioned many people to ministry at camp with resulting missionaries reaching China, Mexico, India, Philippines, Trinidad and Tobago, and Africa to name a few.

Our goal is to continue providing a place where God can meet his people and foster an atmosphere that will train and release leaders and missionaries, young and old. Missions has always been at the core of Trossachs Gospel Camp and we are building and expanding with that in mind. To that end we are hoping to see YWAM plant a base at the camp in the very near future. YWAM has very similar values as the camp and will greatly enhance the ministry of Trossachs Camp through leadership training, exceptional teaching, missions opportunities, and labour force. YWAM has plans to operate a year round training and missions center but the current facilities are not adequate to house people year round. In updating and winterizing our facilities we will be able to more adequately host events such as conferences and retreats, in addition to the traditional camps we run.

All of these plans and goals hinge on a few construction projects. God has been very faithful to provide for the replacement of some of our flood-damaged cabins and the partial construction of the new multipurpose facility through the government PDAP program after the 2011 flood. We felt we should step out in faith and build the new building even though we don't yet have the funds to finish it so we are currently fundraising for the next steps. Included in this information package is a brochure outlining some those projects as well as a membership form if you'd like to get more involved.

Involvement Opportunities:

- **Finances and volunteer workers to complete the construction projects**
- **Committee members (Camp membership required. Members will eventually have access to exclusive benefits like weekend camping and facility rental)**
- **Summer camp staff**

Please consider partnering with us as we expand and grow toward the vision God has placed in us!

Love and Peace,

Trossachs Camp Meeting Association
